

A smarter way to invest

What's Direct Debit and why is it such a smart investment plan?

Kofi and Ama want to grow their businesses. Ama invests a little each month, while Kofi only invests when he has extra cash. Who do you think will reach their funding goals first? Consistency is key.

Here's how much of a difference regular investing can make when it comes to your financial goals.

The Direct Debit Advantage

One-time investment
of **GHC 10,000**
