## Who should invest in this Fund

Individuals who are looking for a short-term investment that offers better returns than a savings account.

<sup>#</sup>Risk/Return profile measures the degree of uncertainty that an investor can handle regarding fluctuations in the value of their portfolio. The amount of risk associated with any particular investment depends largely on your personal circumstances including your time horizon, liquidity needs, portfolio size, income, investment knowledge and attitude towards price fluctuations. Investors should consult their financial investment advisor before making a decision as to whether this fund is a suitable investment option for them.
