## 12 Reasons to invest with Databank

### Proudly Ghanaian

*"A people without the knowledge of their past history, origin and culture is like a tree without roots"*  
-Marcus Garvey.

Databank was founded in 1990 by Ghanaians for Ghanaians. The leadership has since changed hands, but continues to rest on the shoulders of home-grown Ghanaians. Although we have expanded our vision to reach all of Africa, our roots remain firmly and proudly planted in Ghana. Over the past 28 years, these roots have given us insight into how best to meet the investment needs of Ghanaians, and we're committed to remaining that way.

Our patriotism is shown in our corporate logo, the 'Akofena', an Adinkra symbol that means "Sword of war", as well as our mutual fund logos.

As proud Ghanaians, we are also relentless in our commitment to leadership. Apart from being Ghana's first investment firm, Epack was Ghana's first equity fund, MFund - the first money market fund, ArkFund - the first ethical fund, BFund - the first balanced fund and EdIFund - the first two-tiered educational fund. In addition to this, we are also the first investment firm in Ghana to introduce a Mobile App, in which current and prospective clients can invest from anywhere and at any time.

Our primary goal at Databank is to empower all Ghanaians to achieve financial independence by promoting financial literacy and offering a diverse range of investment solutions. By extending our reach and influence, we are enabling you to make the most out of your hard earned money and to realize your short-term and long-term financial goals, whatever they may be.

Databank currently has 18 locations across the country, in 8 of Ghana's 10 regions. Our main branches include our Head Office in Accra, in addition to other branches in Cape Coast, Ho, Koforidua, Kumasi, Sunyani, Takoradi, Tamale and Tema. Our partnership with GTBank has also allowed us to expand our reach by creating partner locations within GTBank branches in Accra (Airport, East Legon, Lapaz, Madina, Opera Square and Osu), Ashaiman and Tarkwa. In addition to this, we've got a partner location in the UBA branch located at the Kwame Nkrumah University of Science and Technology (KNUST).

We will remain proudly and forever Ghanaian.
