# 12 Reasons to invest with Databank

## Proven track record

*"If there's a proven track record, the odds are higher that success can be repeated. This is what we investors always hope for"- Ziad K. Abdelnour*

Databank has a 29-year track record of successfully managing investments for both retail and institutional investors. This is credit to our experienced and award-winning fund management, research and brokerage teams.

### Our Fund Managers

As a Databank client, you will benefit from seasoned Fund Managers who are committed to providing you with a range of innovative investment solutions to meet your financial needs – all of which are backed by research provided by our in-house research team. Our Fund Managers are tasked with selecting the right mix of securities to meet the investment objectives outlined. Our Fund Managers also invest in the funds they manage, which adds a personal touch to their craft and helps to ensure they are managing the funds in the best interest of investors. So you can be assured that your investments will be thoroughly taken care of.

### Our Research Team

With coverage of 15 African frontier capital markets including Ghana, Nigeria and South Africa, Databank Research is Ghana's premier research house. The team's core aim is to provide timely and accurate research reports on the equity market, the fixed-income market and the economy. The Research Team is committed to helping both individuals and institutions make informed investment decisions that yield the best results.

### Our Brokerage wing

For over two decades, Databank Brokerage Ltd (DBL) has maintained a dominant market share of stock market activities on the Ghana Stock Exchange. Our Brokerage wing offers services such as Investment Advisory and Securities Trading. Also, DBL has been influential in the development of the capital markets in Ghana and has played a pioneering role in the Ghanaian Brokerage Industry, receiving both national and international recognition along the way.

To invest successfully, making informed investment decisions is key. At Databank, our sole purpose is to build your wealth by offering you a variety of investment products tailor made to suit your financial needs.
