STATEMENT OF DIRECTORS' RESPONSIBILITIES AND APPROVAL

The Directors are required in terms of the Companies Act, 2019 (Act 992) to maintain adequate accounting records and are responsible for the content and integrity of the annual financial statements and related financial information included in this report. It is their responsibility to ensure that the financial statements fairly present the state of affairs of the Fund as at the end of the financial period and the results of its operations and cash flows for the period then ended, in conformity with International Financial Reporting Standards.

The annual financial statements are prepared in accordance with International Financial Reporting Standards and are based upon appropriate accounting policies consistently applied and supported by reasonable and prudent judgements and estimates.

The Directors acknowledge that they are ultimately responsible for the system of internal financial control established by the Fund and place considerable importance on maintaining a strong control environment. To enable the Directors to meet these responsibilities, the Board of Directors sets standards for internal control aimed at reducing the risk of error or loss in a cost-effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the Fund and all employees are required to maintain the highest ethical standards in ensuring the Fund's business is conducted in a manner that in all reasonable circumstances is above reproach. The focus of risk management is on identifying, assessing, managing and monitoring all known forms of risk across the Fund. While operating risk cannot be fully eliminated, the Fund endeavors to minimize it by ensuring that appropriate infrastructure, controls, systems and ethical behavior are applied and managed within predetermined procedures and constraints.

The Directors are of the opinion that, based on the information and explanations given by management, the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the annual financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or loss.

The Directors have reviewed the Fund's cash flows forecast for the year to 31 December 2023 and, in light of this review and the current financial position, they are satisfied that the Fund has access to adequate resources to continue in operational existence for the foreseeable future.

The annual report and financial statements set out on pages 3 to 44, which have been prepared on a going concern basis, were approved by the Board of Directors on26/04/2024..... and were signed on their behalf by:

**REPORT OF THE DIRECTORS
TO THE SHAREHOLDERS OF DATABANK ARK FUND PLC**

The Directors have pleasure in presenting their report and the financial statements of Databank Ark Fund PLC for the year ended 31 December 2023.

1. Incorporation

The Fund was incorporated on 27th April 2007 under the then Companies Act, 1963 (Act 179), now Companies Act, 2019 (Act 992). The Fund is domiciled in Ghana where it is licensed by the Securities and Exchange Commission, Ghana as a Mutual Fund. The address of the registered office is set out on page 2.

2. Nature of Business

The principal activity of the Fund is to invest the monies of its members for their mutual benefit and to hold and arrange for the management of securities and other assets acquired with such monies in accordance with the provisions of the Companies Act, 2019 (Act 992), Securities Industry Act, 2016 (Act 929), and the Unit Trusts and Mutual Funds Regulations, 2001 (L.I. 1695).

There have been no material changes to the nature of the Fund's business from the prior year.

3. Review of Financial Results and Activities

The annual report and financial statements have been prepared in accordance with International Financial Reporting Standards and the requirements of the Companies Act, 2019 (Act 992), Securities Industry Act, 2016 (Act 929), and the Unit Trusts and Mutual Funds Regulations, 2001 (L.I. 1695). The accounting policies have been applied consistently compared to the prior year.

The Fund recorded distributable comprehensive shareholders' earnings (loss) for the period ended 31 December 2023 of GH¢34,894. This represents a decrease of 114% from the prior year of GH¢250,110.

The Fund's total income increased by 13% from GH¢4,408,585 in the prior year to GH¢4,977,586 for the period ended 31st December 2023.

The Fund's cash flows from operating activities decreased by 30% from GH¢ 2,172,240 in the prior year to GH¢ 1,519,546 for the period ended 31 December 2023.

4. Events After the Reporting Period

Events subsequent to the Statement of Financial Position date are reflected in the financial statements only to the extent that they relate to the period under review and the effect is material. There were no subsequent events at the reporting date, 31 December 2023.

5. Going Concern

The Directors believe that the Fund has adequate financial resources to continue in operation for the foreseeable future and accordingly the annual financial statements have been prepared on a going concern basis. The Directors have satisfied themselves that the Fund is in a sound financial position and that revenue from the assets under management would be enough to meet its foreseeable cash requirements. The Directors are not aware of any new material changes that may adversely impact the Fund. The Directors are also not aware of any material non-compliance with statutory or regulatory requirements or of any pending changes to legislation which may affect the Fund.

**REPORT OF THE DIRECTORS
TO THE SHAREHOLDERS OF DATABANK ARK FUND PLC (CONT'D)**

6. Litigation Statement

The Fund is not currently involved in any claims or lawsuits, which individually or in the aggregate are expected to have a material adverse effect on the business or its assets.

7. Secretary

The Fund's Secretary is Accra Nominees Limited with business address: 2nd Floor, Cedar House, No. 13 Samora Machel Road, Asylum Down.

8. Corporate Social Responsibility

The Fund did not undertake any corporate social responsibility within the financial period.

9. Audit Fees

The Directors ended the engagement with the previous Auditor and appointed John Kay & Co. as the new statutory Auditors of the fund, effective from 2023 financial year.

Included in the general and administrative expenses for the year is the agreed Auditors' remuneration of GH¢36,570 (2022: GH¢56,600) exclusive of VAT and NHIL, COVID and GETFund Levy.

10. Capacity of Directors

The Fund ensures that only fit and proper persons are appointed to the Board after obtaining the necessary approval from the regulator, Securities and Exchange Commission (SEC). Relevant training and capacity building programs, facilitated by a SEC approved training institution was undertaken during the period.

11. Assets Under Management

The Fund is managed by Databank Asset Management Services LTD (DAMSEL). Assets Under Management (AUM) as at December 31, 2023 stood at GH¢ 18,102,322 representing a 16% decrease compared to prior year of GH¢21,435,490.

12. Acknowledgements

Thanks, and appreciation are extended to all of our Shareholders, Directors and staff for their continued support of the Fund.

**REPORT OF THE DIRECTORS
TO THE SHAREHOLDERS OF DATABANK ARK FUND PLC (CONT'D)**

13. Approval

INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS OF DATABANK ARK FUND PLC

Opinion

We have audited the accompanying financial statements of Databank Ark Fund PLC, which comprise the statement of financial position as at 31 December 2023, the statement of comprehensive income for the year ended, statement of changes in equity for the year ended, statement of movement in net assets for the year ended, statements of cash flows for the year ended and notes to the financial statements, which include a summary of significant accounting policies and other explanatory notes, as set out on pages 15-43.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of Databank Ark Fund PLC as at 31 December 2023, the Fund's financial performance and its movement in net assets for the year ended in accordance with International Financial Reporting Standards (IFRS) with the IAS 29 directives issued by the Institute of Chartered Accountants Ghana (ICAG) and in the Securities Industry Act 2016 (929) and the Unit Trust and Mutual Funds Regulations, 2001 (L.I 1695).

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statement section of our report. We are independent of the Company in accordance with the International Code of Ethics for Professional Accountants (including International Independence Standards) (the Code) issued by the International Ethics Standards Board for Accountants (IESBA) and have fulfilled our other ethical responsibilities in accordance with the code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

In accordance with ISAs, this part of our report is intended to describe the matters communicated with those charged with governance that we have determined, in our professional judgement, were most significant in the audit of the financial statements. The key audit matter identified is as follows;

Domestic Debt Exchange Program

The Government of Ghana rolled out a Debt Exchange Program for holders of Domestic Notes and Bonds, E.S.L.A Plc. and Daakye Trust Plc. bonds of which the Fund fully participated by exchanging all its existing Government of Ghana Bonds for new Bonds with new terms (tenor and interest rates) under the program. The total value of Bonds exchanged under the program amounted to GHS 14,888,536. The impact of the Debt exchange program is significant to the Fund as it affects the valuation, classification, and financial performance of the fund's financial assets. We have therefore determined the **debt exchange program** as a key audit matter.

Audit Procedures Performed

Valuation of Debt Instruments: We assessed the appropriateness of the valuation methodologies used by management, considering factors such as market conditions, credit risk, and the terms of the exchange agreement.

INDEPENDENT AUDITORS' REPORT
TO THE SHAREHOLDERS OF DATABANK ARK FUND PLC (CONT'D)

Key Audit Matters (cont'd)

Recognition and Measurement: We evaluated, whether the criteria for recognition of gains or losses from the exchange as per the applicable accounting standards, International Financial Reporting Standards (IFRS) have been appropriately applied. This involved assessing whether the conditions for derecognition of the old debt instruments and recognition of the new ones have been duly met, and whether any modification of terms has occurred.

Disclosure Requirements: We assessed whether disclosures related to the debt exchange transactions are comprehensive and in compliance with relevant accounting standards and regulatory requirements. This includes evaluating the adequacy of disclosures regarding the nature and extent of the exchanges, the impact on the financial position and performance of the mutual fund, and any associated risks.

Internal Controls and Documentation: We evaluated the effectiveness of internal controls established by management to identify, evaluate, and account for such transactions. This includes assessing the adequacy of controls over the valuation process, authorization and approval procedures, and the documentation of key decisions and assumptions.

We also perform substantive testing to validate the accuracy and completeness of the information provided by management.

Report on Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors for the Financial Statements

The Board of Directors is responsible for the preparation of the financial statements that give a true and fair view in accordance with International Financial Reporting Standards (IFRS) and the requirements of the Companies Act 2019, (Act 992) of Ghana, Unit Trust and Mutual Funds Regulations, 2001 (L.I 1695) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS OF DATABANK ARK FUND PLC (CONT'D)

Auditors' Responsibilities for the Audit of the Financial Statements

Our objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

INDEPENDENT AUDITORS' REPORT
TO THE SHAREHOLDERS OF DATABANK ARK FUND PLC (CONT'D)

Report on Other Legal and Regulatory Requirements

In compliance with the requirements of part 9 of Schedule 8 of the Unit Trusts and Mutual Funds Regulations, 2001 (L.I. 1695), we confirmed that:

- a) The financial statements have been properly prepared in accordance with International Financial Reporting Standards (IFRS) and in the manner required by the Securities Industry Act, 2016 (Act 929) and Unit Trust and Mutual Funds Regulations, 2001 (L.I 1695).
- b) The statement of financial position shows a true and fair view as at 31 December 2023.
- c) In our opinion, proper accounting records have been kept by the fund manager and the accounts are in agreement with the manager's accounting records.
- d) We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit, and
- e) The information given in the report of the fund manager is consistent with the accounts.

The engagement partner on the audit resulting in this independent auditor's report is **Gilbert Adjetey Lomofio (ICAG/P/1417)**:

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023

1. GENERAL INFORMATION

Databank Ark Fund is a public limited company incorporated in Ghana. The address of its registered office and principal place of business is 61 Barnes Avenue, Adabraka, Private Mail Bag, Ministries Post Office, Accra.

1.1. Description of Fund

Databank Ark Fund is licensed as Mutual Fund. The Fund was incorporated under Ghana Law on 27th April 2007. Ark Fund is an open - ended long term equity Mutual Fund which seeks to achieve capital growth and income by integrating social, ethical and environmental considerations in the investment process. The Fund does not purchase shares in companies involved in the production of tobacco, arms and alcoholic beverages as well as companies whose activities are considered harmful to the environment.

The principal activity of the Fund is to invest the monies of its members for their mutual benefit and to hold and arrange for the management of money market securities acquired with such monies,

The investment activities of the Fund are managed by Databank Asset Management Services LTD (the Fund Manager). The custodian and administrator of the Fund is Stanbic Bank Ghana LTD.

Most of the equity investments of the Fund are listed and traded on the Ghana Stock Exchange, although the Fund also invests in unquoted equity securities.

The shares of the Fund are redeemable at the holder's option. The shares are not listed on the Ghana Stock Exchange.

2. BASIS OF PREPARATION

2.1. Statement of Compliance

The financial statements have been prepared in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board (IASB) and in a manner required by the Companies Act, 2019 (Act 992) and the Securities Industry Act 2016 (Act 929).

2.2. Basis of Measurement

The financial statements have been prepared on the historical cost basis except for financial instruments that are measured at fair values, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for assets.

The financial statements are presented in Ghana Cedi (GH¢), which is the Fund's functional currency. All amounts have been rounded to the nearest Ghana cedi, unless otherwise indicated.

The Fund presents its statement of financial position in order of liquidity.

2.3 Comparative Information

The comparative information as presented in the financial statements were audited by the Fund's previous Auditors, Messrs KPMG.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023 (CONT'D)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1. Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Fund.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Fund uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Fund determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023 (CONT'D)**

3.2 Revenue Recognition

Under IFRS 15, the revenue recognition process involves:

1. Identification of the contract with the customer,
2. Identification of performance obligation in the contract,
3. Determination of the transaction price,
4. Allocation of the transaction price to the performance obligation in the contract,
5. Recognition of the revenue when (or as) the entity satisfies a performance obligation

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the revenue can be reliably measured, as and when the Fund satisfies a performance obligation. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duty.

3.2.1 Interest Revenue and Expense

Interest revenue and expense are recognised in the statement of comprehensive income for all interest-bearing financial instruments using the effective interest method.

3.2.2 Dividend Revenue and Expense

Dividend revenue is recognised on the date on which the investments are quoted ex-dividend or, where no ex-dividend date is quoted, when the right of the Fund to receive the payment is established. Dividend revenue is presented gross of any non-recoverable withholding taxes, which are disclosed separately in the statement of comprehensive income. Dividend expense relating to equity securities sold short is recognised when the right of the shareholders to receive the payment is established.

3.2.3 Fees and Commissions

Fees and commissions are recognised on an accrual basis. Fees and commission expenses are included in general and administrative expenses.

3.2.4 Net Gain or Loss on Financial Assets and Liabilities at Fair Value through Profit or Loss

This item includes changes in the fair value of financial assets and liabilities held for trading or designated upon recognition as at fair value through profit or loss and excludes interest and dividend income and expenses.

Unrealised gains and losses comprise changes in the fair value of financial instruments for the period and from reversal of prior period's unrealised gains and losses for financial instruments which were realised in the reporting period.

Realised gains and losses on disposals of financial instruments classified as at fair value through profit or loss are calculated using the first-in, first-out (FIFO) method. They represent the difference between an instrument's initial carrying amount and disposal amount.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023 (CONT'D)**

3.3 Taxation

Under the current legislation, mutual funds are not subject to taxes on income or capital gains, nor to any taxes on income distributions.

3.4 Foreign Currencies

In preparing the financial statements of the Fund, transactions in currencies other than the Fund's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

3.5 Financial Instruments – Initial recognition and subsequent measurement

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Initial Recognition and Measurement

Financial assets are classified, at initial recognition, as financial assets at fair value through profit or loss, financial assets at amortised cost and financial assets at fair value through other comprehensive income. All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the marketplace (regular way trades) are recognised on the trade date, i.e., the date that the Fund commits to purchase or sell the asset.

Classification and Measurement

For purposes of classification and measurement, financial assets are classified into three categories:

- Financial Assets at Amortised Cost
- Financial Assets at Fair Value through Other Comprehensive Income (OCI)
- Financial Assets at Fair Value through Profit or Loss

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023 (CONT'D)

Financial Assets at Amortised Cost

Non-derivative financial assets with fixed or determinable payments and fixed maturities are classified as financial assets at amortised cost when the Fund has the positive intention and ability to hold to collect contractual cash flows. After initial measurement, financial assets at amortised cost are measured at amortised cost using the Effective Interest Rate (EIR), less impairment.

The Fund classifies its financial assets as at amortised cost only if both of the following criteria are met:

- The asset is held within the business model whose objective is to collect the contractual cash flows, and
- The contractual terms give rise to cash flows that are solely payments of principal and interest.

Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance income in the statement of profit or loss. The losses arising from impairment are recognised in the statement of profit or loss.

Financial Assets at Fair Value through Other Comprehensive Income (FVOCI)

Financial Assets at Fair Value through Other Comprehensive Income include equity investments and debt securities. Equity investments classified as financial assets at FVOCI are those that are neither classified as financial assets at amortised cost nor designated at fair value through profit or loss. Debt securities in this category are those that are intended to be held and sold in response to needs for liquidity or in response to changes in the market conditions.

After initial measurement, financial assets at FVOCI are subsequently measured at fair value with unrealised gains or losses recognised in OCI and recognised in the financial assets at FVOCI reserve until the investment is derecognised, at which time the cumulative gain or loss is recognised in other operating income, or the investment is determined to be impaired, when the cumulative loss is reclassified from the financial assets at FVOCI reserve to the statement of profit or loss in finance costs. Interest earned whilst holding financial assets at FVOCI is reported as interest income using the EIR method.

The Fund evaluates whether the ability and intention to sell its financial assets at FVOCI in the near term is still appropriate. When, in rare circumstances, the Fund is unable to trade these financial assets due to inactive markets, the Fund may elect to reclassify these financial assets if the Management has the ability and intention to hold the assets for foreseeable future or until maturity.

For a financial asset reclassified from the financial assets at FVOCI category, the fair value carrying amount at the date of reclassification becomes its new amortised cost and any previous gain or loss on the asset that has been recognised in equity is amortised to profit or loss over the remaining life of the investment using the EIR. Any difference between the new amortised cost and the maturity amount is also amortised over the remaining life of the asset using the EIR. If the asset is subsequently determined to be impaired, then the amount recorded in equity is reclassified to the statement of profit or loss and other comprehensive income.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023 (CONT'D)**

Financial Assets at Fair Value through Profit or Loss

Any financial assets that are not Financial Assets at Amortised Cost or Financial Assets at FVOCI are measured at fair value through profit or loss. As such, fair value through profit or loss represents a 'residual' category.

Financial assets at fair value through profit or loss include financial assets held for trading and financial assets designated upon initial recognition at fair value through profit or loss. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Derivatives, including separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value presented as finance costs (negative net changes in fair value) or finance income (positive net changes in fair value) in the statement of profit or loss.

Financial Assets that qualify to be classified as Financial Assets at Fair Value through Profit or Loss (FVPL) are:

- Debt investments that do not qualify for measurement at either amortised cost or FVOCI
- Equity investments that are held for trading, and
- Equity investments for which the entity has not elected to recognise fair value gains and losses through OCI.

The Fund has not designated any financial assets at fair value through profit or loss.

Derecognition of Financial Assets

A financial asset (or, where applicable, a part of a financial asset or part of a company of similar financial assets) is primarily derecognised (i.e., removed from the Fund's statement of financial position) when:

- The rights to receive cash flows from the asset have expired, or
- The Fund has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
 - i. the Fund has transferred substantially all the risks and rewards of the asset, or
 - ii. the Fund has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023 (CONT'D)

Derecognition of Financial Assets (cont'd)

When the Fund has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Fund continues to recognise the transferred asset to the extent of the Fund's continuing involvement. In that case, the Fund also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Fund has retained.

Impairment of Financial Assets

The Fund recognises Expected Credit Losses (ECL) on all financial assets at amortized cost or at fair value through other comprehensive income (other than equity instruments).

The Fund measures loss allowance at amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:

- financial assets that are determined to have low credit risk at the reporting date; and
- other financial assets for which credit risk (i.e., the risk of default occurring over the expected life of the asset) has not increased significantly since initial recognition.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Fund considers reasonable and supportable information that is relevant and information that is relevant and available without undue cost or effort.

This includes both quantitative and qualitative information and analysis, based on the Fund's historical experience and informed credit assessment and including forward-looking information.

The Fund assumes that the credit risk on a financial asset has increased significantly if it is more than 30 days past due. The Fund considers a financial asset to be in default when:

- the borrower is unlikely to pay its credit obligations to the Fund in full, without recourse by the Fund to actions such as realising security (if any is held); or
- the financial asset is more than 90 days past due.

The Fund considers a financial asset to have low credit risk when the credit rating of the counterparty is equivalent to the globally understood definition of 'investment grade'.

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument.

12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

The maximum period considered when estimating ECLs is the maximum contractual period over which the Fund is exposed to the credit risk.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023 (CONT'D)

Measurement of ECL

ECLs are probability-weighted estimates of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e., the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Fund expects to receive in respect of not-credit impaired financial assets and as the difference between the gross carrying amount and the present value of estimated future cash flows for credit impaired financial assets).

ECLs are discounted at the effective interest rate of the financial assets.

Credit-impaired financial assets

At each reporting date, the Fund assesses whether financial assets carried at amortised cost are credit-impaired (referred to as 'Stage 3 financial assets'). A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or past due event;
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation;

Presentation of allowance for ECL in the statement of financial position

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

Financial assets are written off (either partially or in full) when there is no reasonable expectation of recovering a financial asset in its entirety or a portion thereof. This is generally the case when the Fund determines that the counterparty does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. This assessment is carried out at the individual asset level.

Recoveries of amounts previously written off are included in 'impairment losses on financial instruments' in the statement of comprehensive income. Financial assets that are written off could still be subject to enforcement activities in order to comply with the Fund's procedures for recovery of amounts due.

Financial Liabilities

Initial Recognition and Measurement

All financial liabilities are recognised initially at fair value and, in the case of payables, net of directly attributable transaction costs. The financial liabilities of the Fund include trade and other payables.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023 (CONT'D)**

Subsequent Measurement

The measurement of financial liabilities depends on their classification, as described below:

A financial liability is initially recognised at fair value and subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss. Financial liabilities measured at amortised cost include trade payables.

Borrowings

The Fund has not designated any financial liability as borrowings. On initial recognition, interest-bearing borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit or loss.

This category generally applies to interest-bearing borrowings.

Derecognition of Financial Liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss and other comprehensive income.

Offsetting of Financial Instruments

Financial assets and financial liabilities are offset, and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023 (CONT'D)

3.6 Shareholders' Equity

Shares in the Fund are owned by members of the Fund.

- The value of the Shares (owned by members of the Fund) is represented by the Shareholders principal and interest earned. Shares entitle the holder to a *pro rata* share of the Fund's net assets in the event of a shareholder liquidating his or her investment.
- The Shares of the Fund are not listed on the Ghana Stock Exchange. Applicants may set up a new account with the Fund to buy Shares of the Fund. When applicants buy Fund shares, the Shares are purchased at the last published price.
- A Shareholder wishing to redeem his or her investment with the Fund can do so by submitting a request for redemption to the Fund. Redemptions are priced at the last published price.

3.7 Dividend Policy

The Fund does not pay dividend. All dividends paid to the holdings in the Fund are reinvested back into the Fund.

3.8 Cash and Cash Equivalents

Cash and Cash Equivalents in the statement of financial position comprise cash at banks and on hand and short-term investment with a maturity of three months or less.

3.9 Changes in significant accounting policies

A number of new standards are effective from 1 January 2023, but they do not have a material effect on the Fund's financial statements.

The Fund has consistently applied the accounting policies to all periods presented in these financial statements.

a. IFRS 17 Insurance Contracts

IFRS 17 Insurance Contracts is a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. IFRS 17 replaces IFRS 4 Insurance Contracts. IFRS 17 applies to all types of insurance contracts (i.e., life, non-life, direct insurance and re-insurance), regardless of the type of entities that issue them as well as to certain guarantees and financial instruments with discretionary participation features; a few scope exceptions will apply. The overall objective of IFRS 17 is to provide a comprehensive accounting model for insurance contracts that is more useful and consistent for insurers, covering all relevant accounting aspects. IFRS 17 is based on a general model, supplemented by:

- A specific adaptation for contracts with direct participation features (the variable fee approach)
- A simplified approach (the premium allocation approach) mainly for short-duration contracts the new standard had no impact on the company's financial statements.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023 (CONT'D)**

Definition of accounting estimates (Amendments to IAS 8)

Distinguishing between accounting policies and accounting estimates is important because changes in accounting policies are generally applied retrospectively, while changes in accounting estimates are applied prospectively.

The changes to IAS 8 focus entirely on accounting estimates and clarify the following:

- The definition of a change in accounting estimates is replaced with a definition of accounting estimates.
- Under the new definition, accounting estimates are “monetary amounts in financial statements that are subject to measurement uncertainty”.
- Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty.
- The Board clarified that a change in accounting estimate that results from new information or new developments is not the correction of an error. In addition, the effects of a change in input or a measurement technique used to develop an accounting estimate are changes in accounting estimates if they do not result from the correction of prior period errors.
- A change in an accounting estimate may affect only the current period’s profit or loss, or the profit or loss of both the current period and future periods. The effect of the change relating to the current period is recognised as income or expense in the current period. The effect, if any, on future periods is recognised as income or expense in those future periods.

The effects of changes in inputs and/or measurement techniques are changes in accounting estimates. The definition of accounting policies remains unchanged.

The amendments are effective for periods beginning on or after 1 January 2023, with earlier application permitted, and will apply prospectively to changes in accounting estimates and changes in accounting policies occurring on or after the beginning of the first annual reporting period in which the company applies the amendments.

The Fund is yet to determine the impact of this standard on its financial statements.

b. Disclosure Initiative: Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)

Making information in financial statements more relevant and less cluttered has been one of the key focus areas for the International Accounting Standards Board (the Board).

The Board has issued amendments to IAS 1 Presentation of Financial Statements and an update to IFRS Practice Statement 2 Making Materiality Judgements to help companies provide useful accounting policy disclosures. The key amendments to IAS 1 include:

- requiring companies to disclose their material accounting policies rather than their significant accounting policies;
- several paragraphs are added to explain how an entity can identify material accounting policy information and to give examples of when accounting policy information is likely to be material;
- clarifying that accounting policies related to immaterial transactions, other events or conditions are themselves immaterial and as such need not be disclosed;
- clarifying that not all accounting policies that relate to material transactions, other events or conditions are themselves material to a company’s financial statements;
- accounting policy information may be material because of its nature, even if the related amounts are immaterial;

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023 (CONT'D)**

b. Disclosure Initiative: Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2 (cont'd))

- accounting policy information is material if users of an entity's financial statements would need it to understand other material information in the financial statements; and the amendments clarify that if an entity discloses immaterial accounting policy information, such information shall not obscure material accounting policy information

The Board also amended IFRS Practice Statement 2 to include guidance and two additional examples on the application of materiality to accounting policy disclosures. The amendments are consistent with the refined definition of material.

The amendments are effective from 1 January 2023 but may be applied earlier.

The Fund is yet to determine the impact of this standard on its financial statements.

c. Deferred Tax Related to Assets and Liabilities Arising from a Single Transaction (Amendment to IAS 12)

The amendment clarifies that the initial recognition exemption does not apply to transactions that give rise to equal and offsetting temporary differences such as leases and decommissioning obligations. As a result, companies will need to recognise a deferred tax asset and a deferred tax liability for temporary differences arising on initial recognition of a lease and a decommissioning provision.

The Fund is yet to determine the impact of this standard on its financial statements.

The amendments are effective from 1 January 2023 but may be applied earlier.

3.9.1 Standards and Interpretations issued but not yet effective.

A number of new standards and amendments to standards are effective for annual periods beginning after 1 January 2023 and earlier application is permitted. The Fund has not early adopted the new and amended standards in preparing these financial statements.

The following new and amended standards are not expected to have a significant impact on the Fund's financial statements.

a. Classification of Liabilities as Current or Non-current and Non-current Liabilities with Covenants (Amendments to IAS 1)

Under existing IAS 1 requirements, companies classify a liability as current when they do not have an unconditional right to defer settlement of the liability for at least twelve months after the end of the reporting period. As part of its amendments, the Board has removed the requirement for a right to be unconditional and instead, now requires that a right to defer settlement must have substance and exist at the end of the reporting period.

This right may be subject to a company complying with conditions (covenants) specified in a loan arrangement. After reconsidering certain aspects of the 2020 amendments, the IASB reconfirmed that only covenant with which a company must comply on or before the reporting date affect the classification of a liability as current or non-current. Additional disclosure is also required for non-current liabilities subject to future covenants. The amendments also clarify how an entity classifies a liability that can be settled in its own shares. The Fund is yet to assess the impact of this standard.

The amendments apply retrospectively for annual reporting periods beginning on or after 1 January 2024, with early application permitted.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023 (CONT'D)**

3.9.1 Standards and Interpretations issued but not yet effective. (cont'd)

e. Classification of Liabilities as Current or Non-current and Non-current Liabilities with Covenants (Amendments to IAS 1)

Distinguishing between accounting policies and accounting estimates is important because changes in accounting policies are generally applied retrospectively, while changes in accounting estimates are applied prospectively.

The changes to IAS 8 focus entirely on accounting estimates and clarify the following:

The definition of a change in accounting estimates is replaced with a definition of accounting estimates.

- Under the new definition, accounting estimates are “monetary amounts in financial statements that are subject to measurement uncertainty”.
- Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty.
- The Board clarified that a change in accounting estimate that results from new information or new developments is not the correction of an error. In addition, the effects of a change in an input or a measurement technique used to develop an accounting estimate are changes in accounting estimates if they do not result from the correction of prior period errors.
- A change in an accounting estimate may affect only the current period’s profit or loss, or the profit or loss of both the current period and future periods. The effect of the change relating to the current period is recognised as income or expense in the current period. The effect, if any, on future periods is recognised as income or expense in those future periods.

The effects of changes in inputs and/or measurement techniques are changes in accounting estimates. The definition of accounting policies remains unchanged.

c. Lease Liability in a Sale and Leasebacks (Amendments to IFRS 16)

The amendments confirm the following.

- On initial recognition, the seller-lessee includes variable lease payments when it measures a lease liability arising from a sale-and-leaseback transaction.
- After initial recognition, the seller-lessee applies the general requirements for subsequent accounting of the lease liability such that it recognises no gain or loss relating to the right of use it retains.

A seller-lessee may adopt different approaches that satisfy the new requirements on subsequent measurement. The amendments are effective for annual reporting periods beginning on or after 1 January 2024, with earlier application permitted.

Under IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors, a seller-lessee will need to apply the amendments retrospectively to sale-and-leaseback transactions entered into or after the date of initial application of IFRS 16. This means that it will need to identify and re-examine sale-and-leaseback transactions entered into since implementation of IFRS 16 in 2019, and potentially restate those that included variable lease payments

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023 (CONT'D)**

3.9.1 Standards and Interpretations issued but not yet effective. (cont'd)

d. Amendments to IFRS 10 Consolidated Financial Statements and IAS 28 Investments in Associates and Joint Ventures—Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

The amendments to IFRS 10 and IAS 28 deal with situations where there is a sale or contribution of assets between an investor and its associate or joint venture. Specifically, the amendments state that gains or losses resulting from the loss of control of a subsidiary that does not contain a business in a transaction with an associate or a joint venture that is accounted for using the equity method, are recognized in the parent's profit or loss only to the extent of the unrelated investors' interests in that associate or joint venture. Similarly, gains and losses resulting from the premeasurement of investments retained in any former subsidiary (that has become an associate or a joint venture that is accounted for using the equity method) to fair value are recognized in the former parent's profit or loss only to the extent of the unrelated investors' interests in the new associate or joint venture.

The effective date of the amendments has yet to be set by the Board. However, earlier application of the amendments is permitted.

e. Amendments to IAS 7 Statement of Cash Flows and IFRS 7 Financial Instruments: Disclosures—Supplier Finance Arrangements

The amendments add a disclosure objective to IAS 7 stating that an entity is required to disclose information about its supplier finance arrangements that enables users of financial statements to assess the effects of those arrangements on the entity's liabilities and cash flows. In addition, IFRS 7 was amended to add supplier finance arrangements as an example within the requirements to disclose information about an entity's exposure to concentration of liquidity risk.

The term 'supplier finance arrangements' is not defined. Instead, the amendments describe the characteristics of an arrangement for which an entity would be required to provide the information.

To meet the disclosure objective, an entity will be required to disclose in aggregate for its supplier finance arrangements:

- The terms and conditions of the arrangements
- The carrying amount, and associated line items presented in the entity's statement of financial position, of the liabilities that are part of the arrangements
- The carrying amount, and associated line items for which the suppliers have already received payment from the finance providers
- Ranges of payment due dates for both those financial liabilities that are part of a supplier finance arrangement and comparable trade payables that are not part of a supplier finance arrangement
- Liquidity risk information

The amendments, which contain specific transition reliefs for the first annual reporting period in which an entity applies the amendments, are applicable for annual reporting periods beginning on or after 1 January 2024. Earlier application is permitted.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023 (CONT'D)**

3.10. Critical Accounting Judgment, Estimates and Assumptions

The preparation of the Fund's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgments

In the process of applying the accounting policies of the Fund, management has made the following judgments, which have the most significant effect on the amounts recognised in the financial statements.

Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimating uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Fund based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Fund. Such changes are reflected in the assumptions when they occur.

Fair Value of Financial Instruments

When the fair values of financial assets and financial liabilities recorded in the statement of financial position cannot be derived from active markets, their fair value is determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. The estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty's), correlation and volatility.

Changes in assumptions about these factors could affect the reported fair value of financial instruments in the statement of financial position and the level where the instruments are disclosed in the fair value hierarchy. The models are tested for validity by calibrating to prices from any observable current market transactions in the

same instrument (without modification or repackaging) when available. To assess the significance of a particular input to the entire measurement, the Fund performs sensitivity analysis or stress testing techniques.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023 (CONT'D)**

3.11 Capital Management

As a result of the ability to issue, repurchase and resell shares, the capital of the Fund can vary depending on the demand for redemptions and subscriptions to the Fund. The Fund is not subject to externally imposed capital requirements and has no legal restrictions on the issue, repurchase or resale of redeemable shares beyond those included in the Fund's Scheme Particulars.

The Fund's objectives for managing capital are:

- To invest the capital in investments meeting the description, risk exposure and expected return indicated in its prospectus;
- To achieve consistent returns while safeguarding capital by investing in diversified portfolio;
- To maintain sufficient liquidity to meet the expenses of the Fund, and to meet redemption requests as they arise;
- To maintain sufficient size to make the operation of the Fund cost-efficient.

3.12 Changes in Accounting Policies

The Fund has adopted a new accounting policy regarding the recognition of Financial Assets. Previously Financial Assets were valued at Amortised Cost. Under this new accounting policy, the Financial Assets will be recognized at Fair value through Other Comprehensive Income. The decision to change the accounting policy was driven by a directive from the Securities and Exchange Commission (SEC) the Regulator of the Fund in response to an introduction of the Domestic Debt Exchange Program initiated by the Government of Ghana.

Management does not anticipate any significant future implications resulting from the change in accounting policy. The Fund will continue to monitor developments in accounting standards and regulations to ensure ongoing compliance and alignment with best practices. Management has assessed the materiality of the change in accounting policy and believes that it does not have a material impact on the overall financial position or performance of the Fund.

18. FINANCIAL RISK MANAGEMENT OBJECTIVE AND POLICY

The Fund's objective in managing risk is the creation and protection of shareholder value. Risk is inherent in the Fund's activities, but it is managed through a process of ongoing identification, measurement, management, and monitoring, subject to risk limits and other controls. The process of risk management is critical to the Fund's continuing profitability. The Fund is exposed to market risk (which includes currency risk, interest rate risk and price risk), credit risk and liquidity risk arising from the financial instruments it holds.

18.1 Risk Management Structure

The Fund's Manager is responsible for identifying and controlling risks. The Board of Directors supervises the Fund Manager and is ultimately responsible for the overall risk management of the Fund.

18.2 Risk Measurement and Reporting System

The risks of the Fund are measured using a method that reflects both the expected loss likely to arise in normal circumstances and unexpected losses that are an estimate of the ultimate actual loss.

Limits reflect the business strategy including the risk that the Fund is willing to accept and the market environment of the Fund. In addition, the Fund monitors and measures the overall risk in relation to the aggregate risk exposure across all risk types and activities.

18.3 Market Risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates and equity prices. The Fund's strategy for the management of market risk is driven by the Fund's investment objective. The primary investment objective of the Fund is to seek growth and create value for shareholders by investing in government bills and bonds, or treasury backed securities. The Fund's market risk is managed daily by the Fund Manager in accordance with the policies and procedures in place. The Fund diversifies its portfolio with the approval of its Board of Directors.

**NOTES TO THE FINANCIAL STATEMENTS
 FOR THE YEAR ENDED 31 DECEMBER 2023 (CONT'D)**

18. FINANCIAL RISK MANAGEMENT OBJECTIVE AND POLICY (CONT'D)

Foreign Currency Risk Management

The Fund's currency risk is managed on a daily basis by the investment manager in accordance with the policies and procedures in place. On 31 December 2023, all assets and liabilities of the Fund were denominated in the presentation and functional currency therefore there is no currency mismatch.

Equity Price Risk

The Fund is exposed to equity securities price risk because of investments in quoted and unquoted shares classified as available-for-sale. To manage its price risk arising from investments in equity and debt securities, the Fund diversifies its portfolio. Diversification of the portfolio is done in accordance with limits set by the Fund. All quoted shares held by the Fund are traded on the Ghana Stock Exchange (GSE).

The following table demonstrates the sensitivity of the Fund's profit or loss for the year to a reasonably possible change in equity price, with all other variables held constant.

The sensitivity of the other comprehensive income for the year is the effect of the assumed changes in equity price.

The sensitivity analyses impact on equity is the same as the impact on profit or loss. In practice, the actual trading results may differ from the below sensitivity analysis and the difference could be significant.

Sensitivity Analysis Increase/(Decrease)	Change in Basis Points	Sensitivity of Changes in Fair Value of Investments GH¢
Other comprehensive income	+100/-100	11,194/(11,194)

Interest Rate Risk

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or the fair values of financial instruments. Exposure to interest rate risk can result from a variety of factors, including:

- differences between the timing of market interest rate changes and the timing of cash flows (repricing risk);
- changes in the shape of market interest rate curves producing different effects on yields on similar instruments with different maturities (yield curve risk); and
- changes in the level of market interest rates producing different effects on rates received or paid on instruments with similar repricing characteristics (basis risk).

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023 (CONT'D)**

18. FINANCIAL RISK MANAGEMENT OBJECTIVE AND POLICY (CONT'D)

Exposure to interest rate risk

The Fund does not account for any fixed rate financial instruments at fair value through profit or loss therefore a change in interest rates at the reporting date would not affect profit or loss. No interest rate sensitivity analysis has thus been disclosed.

The Fund did not have variable-rate financial instruments and interest-bearing liabilities in 2023 (2022: GH¢ Nil).

Operational risk

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the processes, technology and infrastructure supporting the Fund's activities with financial instruments, either internally within the Fund or externally at the Fund's service providers, and from external factors other than credit, market, and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of investment management behaviour.

Substantially all the assets of the Fund are held by Stanbic Bank Ghana Limited. The bankruptcy or insolvency of the Fund's Custodian may cause the Fund's rights with respect to the securities held by the Custodian to be limited. The Investment Manager monitors the credit ratings and capital adequacy of its Custodian on a regular basis.

18.4. Liquidity Risk

Liquidity risk is defined as the risk that the Fund will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Exposure to liquidity risk arises because of the possibility that the Fund could be required to pay its liabilities or redeem its shares earlier than expected. The Fund is exposed to cash redemptions of its shares on a regular basis. Shares are redeemable at the holder's option based on the Fund's Net Asset Value (NAV) per share at the time of redemption, calculated in accordance with the Fund's scheme particulars.

The Fund manages its obligation to repurchase the shares when required to do so and its overall liquidity risk by:

- Requiring a 5-day notice period before redemptions

The Fund's policy is to satisfy redemption requests by the following means (in decreasing order of priority):

- Withdrawal of cash deposits
- Disposal of highly liquid assets (i.e., short-term, low-risk debt investments)
- Disposal of other assets

The Fund invests primarily in marketable securities and other financial instruments which, under normal market conditions, are readily convertible to cash. In addition, the Fund's policy is to maintain sufficient cash and cash equivalents to meet normal operating requirements and expected redemption requests.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023 (CONT'D)**

18. FINANCIAL RISK MANAGEMENT OBJECTIVE AND POLICY (CONT'D)

18.5. Credit Risk

18.5.1 Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss for the Fund by failing to discharge an obligation. The Fund is exposed to the risk of credit-related losses that can occur as a result of a counterparty or issuer being unable or unwilling to honour its contractual obligations. These credit exposures exist within financing relationships, and other transactions. It is the Fund's policy to enter into financial instruments with reputable counterparties.

The Fund Manager's policy is to closely monitor the creditworthiness of the Fund's counterparties (e.g. third-party borrowers, brokers, custodian and banks) by reviewing their credit ratings, financial statements and press releases on a regular basis.

The carrying value of interest-bearing investments, money market funds and similar Securities, loan to related party, trade and other receivables and cash and cash equivalents, as disclosed in the statement of financial position represents the maximum credit exposure, hence, no separate disclosure is provided.

18.5.2 Amounts arising from ECL

Impairment of cash and cash equivalents, and investment in fixed deposits have been measured on a 12-month expected credit loss basis and reflects the maturities of the exposures. The Fund considers that these exposures have low credit risk because they are held with reputable regulated banks.

The Fund monitors changes in credit risk on these exposures by tracking published external credit ratings of the Government of Ghana. To determine whether published ratings remain up to date and to assess whether there has been a significant increase in credit risk at the reporting date that has not been reflected in the published ratings, the Fund supplements it by reviewing changes in bond yields, where available together with available press and regulatory information about counterparties.

12-month and lifetime probabilities of default are based on historical data supplied by rating agency for each credit rating. Loss given default parameters generally reflect an assumed recovery rate of 60%. However, if the asset were credit-impaired, then the estimate of loss would base on a specific assessment of expected cash shortfalls and on the original effective interest rate.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023 (CONT'D)**

18.6. Fair Value of Financial Instruments

Fair value of financial instruments carried at amortised cost

As detailed in the following table, the Directors consider that the carrying amounts of financial assets and financial liabilities recognised in the financial statements approximate their fair values.

Financial Assets	Carrying Amounts 2023 GH¢	Fair Value 2023 GH¢	Carrying Amounts 2022 GH¢	Fair Value 2022 GH¢
Cash and Cash Equivalents	497,294	497,294	186,562	186,562

19. CONTINGENCIES AND COMMITMENTS

19.1. Legal Proceedings and Regulations

The Fund operates in the financial services industry and is subject to legal proceedings in the normal course of business. There are no contingencies associated with the Fund's compliance or lack of compliance with regulations.

19.2. Capital Commitments

The Fund has no capital commitments at the reporting date.

20. RELATED PARTY TRANSACTIONS

The following parties are considered related parties of the Fund:

Fund Manager

Databank Asset Management LTD (the Fund Manager) is entitled to receive a management fee for its respective services in terms of the agreement between the Fund and the Fund manager. These fees amount to

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023 (CONT'D)

Fund Manager (cont'd)

1.5% per annum of the daily net assets of the Fund, (calculated in accordance with the scheme particulars of the Fund). Management fees are payable monthly in arrears. Total management fees for the period amounted to GH¢485,763 (2022: GH¢405,005), the management fees payable as of December 31, 2023, is GH¢245,679 (2022: GH¢ 47,977).

Brokers

The transactions of the Fund were made through the Databank Brokerage Services LTD.

Investments with Related Parties

During the year under review, the Fund made investments in other mutual funds that were managed by Databank Asset Management Services.

21. CUSTODIAN

Stanbic Bank Ghana LTD

Stanbic Bank Ghana LTD is the Custodian of the Fund. The custodian carries out the usual duties regarding custody, cash and security deposits without any restriction. This means that the custodian is responsible for the collection of dividends, interest and proceeds of matured securities, the exercise of options and, in general, for any other operation concerning the day-to-day administration of the securities and other assets and liabilities of the Fund.

The custodian is entitled to receive from the Fund fees, payable monthly, equal to an average of 0.25%. The total custodian fee for the period amounted to GH¢52,438 (2022: GH¢54,868), the custodian fees payable as at December 31, 2023 was GH¢15,368 (2022: GH¢28,260).

22. Events After the Reporting Period

Events subsequent to the Statement of Financial Position date are reflected in the financial statements only to the extent that they relate to the period under review and the effect is material. There were no subsequent events at the reporting date, 31 December 2023.

23. Going Concern

The Directors believe that the Fund has adequate financial resources to continue in operation for the foreseeable future and accordingly the annual financial statements have been prepared on a going concern basis. The Directors have satisfied themselves that the Fund is in a sound financial position and that revenue from the assets under management would be enough to meet its foreseeable cash requirements. The Directors are not aware of any new material changes that may adversely impact the Fund. The Directors are also not aware of any material non-compliance with statutory or regulatory requirements or of any pending changes to legislation which may affect the Fund.

24. CONTINGENT ASSETS AND LIABILITIES

There were no contingent liabilities as at 31 December 2023, (2022: Nil).
